DRAG ARTISTS, PERFORMER, FOLK ARTIST

Why do I charge?

Drag is an expensive art form. there is a lot of investment of curating and crafting the look, performance and spacing. It includes what goes on as Make-up , sewing and buying products to place them into an art piece. the more a drag queen gets money the dynamic or beautiful they could serve.

As any artist who is into dance, music, theater or painting quantify their work into livelihood drag performers like me also look to be a full time drag artist which can feed our livelihood. the more an artist is paid the more their art would propel and this payment you make would ensure to do that.
